

CONTENTS

Acknowledgement	iv
Preface	v
Air Pollution Control and Management	
1. Strategies for Investigating Indoor Air Quality	1
<i>Mukesh Khare</i>	
2. Health Benefits Derived by Reducing Air Pollution - A Central Delhi Analysis	10
<i>Pooja Sharma and Rupeesha Galhotra</i>	
3. Analysis of Biochemical Parameters for Assessment of Air Pollution Tolerance Index (APTI) of Selected Plants in Dombivli City, Mumbai, Maharashtra	20
<i>Sagar B. Satpute and Satish A. Bhalerao</i>	
4. Comparative Air Pollution Tolerance Index of Some Plants Growing in Tarapur Industrial Area (MIDC), Maharashtra	32
<i>Manohar Rathinam and Swaranjit Kaur Cheema</i>	
5. Monitoring Effects of Air Pollution on Health Issue using an App	40
<i>Manasi Kulkarni, Roshan Mathew, Swapnali Ghadigaonkar, Dipali Ghodekar, Shweta Tripathi and Saumya Singh</i>	
Water Pollution Control and Management	
6. Determination of Physico-Chemical Parameters to Evaluate the Quality of Water	48
<i>Esha Tambe and Sulekha Gotmare</i>	
7. Characterization of Multiple Drug Resistant Bacteria Isolated From Ground Water Samples	60
<i>Nandini Phanse and Pragya Rathore</i>	
8. Synergistic Effects of Sono-Fenton Process in the Degradation of Methylene Blue Dye	68
<i>Pranjali Sahane, Vaibhav Patil and Manisha Bagal</i>	
9. Polysulfone-Carbon Nanotube Composite Ultrafiltration Membranes for Water Purification	76
<i>Bhakthi Hirani, P.S. Goyal, Soumitra Kar and R.C. Bindal</i>	
10. Intensification of Degradation of 2,4 Dinitrophenol Using Photocatalytic Treatment Method	82
<i>Ashirwad Tiwari, Mrunali Patil and Manisha Bagal</i>	

Land and Solid Waste Pollution Control and Management

- 11 Landfill Leachate Management 87
Kurian Joseph
- 12 Conversion of Agriculture Waste for Unlocking Fermentable Sugar-A
Step Towards Biofuel Generation 92
Ketna Matkar
- 13 Determination of Pollutants in Soil by Multi-Element Analysis on ICP-MS 100
Jinal D. Lodaya and Sulekha Gotmare
- 14 Prospects of Utilization of Solid Waste from Food Processing in Bioprocess
Industry 108
*Deepika Iyer, Priyanka Iyer, Swetha Iyer,
Shubhangi Kadu and Seema Mishra*
- 15 Potential of Solid Waste from Fresh Fruit and Vegetable Peel as
Antimicrobial Agent against Pathogenic Wound Isolates and
Antioxidant Potential 119
Priyanka Desai and Chitra Ramanan

Nano and Biotechnology in Pollution Control and Management

- 16 Use of Nanotechnology in Constructing Biosensors for
Environmental Management 128
Manju Phadke, Lynn D' Lima and Vivek Parab
- 17 Characterization of Endophytic Fungi from Medicinal Plants for
Application in Therapeutic Enzyme Extraction 135
*Aditi Mhatre, Revati Narwankar, Ajay Rawat,
Katyayini Tembadmani and Seema Mishra*
- 18 A Novel Method of Salvaging Solid Microbial Media for Plant
Growth Amelioration 146
M.Kapoor, J.Shah, H.Shah and A. Ashtekar
- 19 Accumulation of Cr(VI) by the Sugarcane Bagasse
(*Saccharum officinarum* L.) Immobilized in Alginate Beads 154
Anukthi C Poojari and Satish A. Bhalerao
- 20 Biosorption of Chromium(VI) by using Tamarind Pod Shell 164
Jagruti S. Vaza and Satish A. Bhalerao
- 21 Removal of Chromium (VI) from Aqueous Synthetic Solution Using
Silica Gel Immobilized Banana Peels (*Musa paradisiaca* L.) as a
Green Biosorbent 174
Amit S. Sharma and Satish A. Bhalerao

Sustainable Agriculture and Food Security	
22	Impact of Organic Cotton Cultivation on Soil Environmental Sustainability 187 <i>Sanjay Bhoyar, Jayashree Khushpure, Pradip Deshmukh, Sachin Nandapure and Dilip Nalge</i>
23	Comparative Study of the Carbon Mineralization in the Chemical Fertilizer Applied and Organically Amended Soil 193 <i>P.H. Desai</i>
24	King Oyster Mushroom (<i>Pleurotus eryngii</i>): Synergist to Agro-waste Utilization and Food Security 199 <i>Sneha Sehwaq and Satyawati Sharma</i>
25	Microbial Biopesticides: Way Forward with Fungal Endophytes 210 <i>Kanika Chowdhary and Satyawati Sharma</i>
26	Techvine-Agriculture Decision Support System 224 <i>Divya Kulkarni, Priyanka Kumbhar, Justin Jolly, Shivani Chaskar, Shweta Tripathi and Saumya Singh</i>
Climate Change and Sustainable Development	
27	Impact of Climatic Variability on Soil- Microbe Interaction 230 <i>Seema Mishra</i>
28	GIS Based Study of Climatic Variability and its Impact on Waste Resources 240 <i>Saumya Singh</i>
29	Trend and Variability of Seasonal Rainfall Over Konkan-Maharashtra 249 <i>Shubhangi A. Bhute, Manorama Mohanty and K.S. Hosalikar</i>
30	Global Thermostat: Carbondioxide is the Control Knob Governing Earth's Temperature 256 <i>Shyamli Singh</i>
Contemporary Issues in Sustainable Environment Management	
31	Radioactive Waste Management - Indian Scenario 265 <i>C.P. Kaushik</i>
32	Role of Disaster Management in Sustainable Environment Management 273 <i>R.V. Sharma</i>
33	Coastal Zone Management and Jawaharlal Nehru Port Trust's efforts in Coastal Zone Management 277 <i>Yogeshwari A. Bhat</i>

34	Electrochemistry in Organic Radioactive Waste Treatment	292
	<i>C.Srinivas</i>	
35	Renewable Energy Sector in India: Role of Nuclear Energy	297
	<i>Shyamala Bharadwaj</i>	
36	Awareness of Marine Pollution in Fishermen Communities in Mumbai	304
	<i>Deepa Kadam, Sandeep Bhanot and Devayani Savant</i>	
37	Scientific Basis for Nuclear Waste Management	312
	<i>J.G. Shah</i>	
38	Regulations Concerning the Transfer of Ballast Water Discharges from Ships	320
	<i>Mahesh Subramanian</i>	
39	Looking for a Sustainable Solution for Cold Chain Challenges in India	333
	<i>Chilukuri Maheshwar</i>	
40	Fuel from Plastic Waste	344
	<i>Niranjana Chettiar, Akash Kulkarni and Pranav Parmar and Sagar S.Waghmare</i>	
41	Mass Education and Awareness generation on Plastic waste Management	351
	<i>Manisha Lineswala, Saumya Singh and Seema Mishra</i>	
42	Environment Management Tussles	359
	<i>S.V. Viswanathan</i>	
43	Overview of Green Building Technology	365
	<i>Madhavi Dhole and Atharva Joshi</i>	
44	Conservation of Electrical Energy: A Way of Life at the South Indian Education Society	372
	<i>C.V. Gopalakrishnan</i>	
	Author's index	384
	Subject index	386
